RE: Incident #**NRM2023455850**

Kalei,

XTO's request for an extension to **February 7th, 2021** is approved. XTO is requesting an extension to the 90-day deadline for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at the EMSU 250 (NRM2023455850). The release was discovered August 11, 2020 and an initial site assessment was conducted. A Right of Entry (ROE) Permit was submitted to the State Land Office (SLO) on October 15, 2020. The executed permit is still pending. XTO will begin remediation activities as soon as the executed permit is received. In order to conduct further site assessment, complete the remediation work, and submit a remediation work plan or closure report XTO requests an extension of this deadline until February 7, 2021.
