RE: Incident #**NRM2034932546**

James,

WPX's request for an extension to **May 20th, 2021** is approved. WPX Energy is requesting an extension of the current deadline of February 23, 2021, for completing a liner inspection required in 19.15.29 NMAC at the Longview Federal 12 #04H (Incident# NRM2034932546). The incident occurred on November 11th, 2020 and was a release of 8bbls to lined secondary containment; all fluids were recovered. Recent precipitation has put rainwater into the lined secondary containment and WPX would like to have a chance to let it dry prior to inspection.
