**Subject:** Hornbaker BA Battery (nAPP2115335335) Characterization/Remediation Plan Extension Request

Good Morning,

Please find the Characterization/Remediation Plan Extension Request below.

EOG Resources, Inc. respectfully requests an extension to December 1, 2021, for the Characterization/Remediation Plan for the below listed location.

Hornbaker BA Battery  
nAPP2115335335

The environmental consultant has determined that a core rig will be required to complete full delineation of the impacted area. After discussing current scheduling with the core rig company and

the need for NMOSE permitting prior to drilling, the consultant believes that December 1, 2021, is an attainable timeframe to complete the Characterization/Remediation Plan.

Thank you,
