Subject: [EXTERNAL] State CO SWD System- Catclaw/Huisache Battery (nAPP2120958120) Characterization-Remediation Plan Extension Request

CAUTION: This email originated outside of our organization. Exercise caution prior to clicking on links or opening attachments.

Good afternoon,

Please find the Characterization/Remediation Plan Extension Request below.

EOG Resources, Inc. respectfully requests a 90 day extension for the Characterization/Remediation Plan for the below listed location. The environmental consultant has determined that a core rig will be required to complete full delineation of the impacted area. After discussing current scheduling with the core rig company and the need for NMOSE permitting prior to drilling, the consultant

believes that January 21, 2021, is an attainable timeframe to complete the Characterization/Remediation Plan.

State CO SWD System (Catclaw/Huisache Battery)
nAPP2120958120

Thank you,

Miriam Morales
