Subject: [EXTERNAL] J Lazy J Battery (NAPP2127937408) Characterization/Remediation Plan Extension Request

CAUTION: This email originated outside of our organization. Exercise caution prior to clicking on links or opening attachments.

Good afternoon,

Please find the Characterization/Remediation Plan Extension Request below.

EOG Resources, Inc. respectfully requests an extension to March 28, 2022, for the Characterization/Remediation Plan for the below listed location.

J Lazy J Battery
NAPP2127937408

The environmental consultant has determined that a core rig will be required to complete full delineation of the impacted area. After discussing current scheduling with the core rig company and the need for NMOSE permitting prior to drilling, the consultant believes that March 28, 2022, is an attainable timeframe to complete the Characterization/Remediation Plan.

Thank you,

Tina Huerta
Regulatory Specialist
