13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Elk Oil Company respectfully requests a two (2) year extension to your letter of February 12, 2004, concerning the completion of surface restoration. The reason for our request is a possible re-entry to drill a deviated hole to a new bottom hole location.
