Blue Collar Oil & Gas LLC  
PO Box 1075  
Artesia, NM 88211-1075

December 8, 2004

Reference: Exxon State 003

O-15-21s-27e

API: 30-015-01096

Operator:

On December 2, 2004 an inspection of the above referenced well was conducted by an NMOCD field inspector. An unreported release of hydrocarbons was discovered at this well site. Please submit a Form C-141 reporting this release. As per our phone conversation on this date with Blue Collar Oil & Gas LLC rep, Dave Perini, all free-standing fluids must be recovered immediately. A site ranking and remediation workplan is required to be submitted to the NMOCD District 2 office no later than January 8, 2004.

Guidelines for use in formulation of remediation workplans can be found on our website as follows:

<http://www.emnrd.state.nm.us/ocd>

Click on Publications, then on Environmental Handbook, then on Miscellaneous Guidelines, and then on Remediation of Leaks, Spills and Releases.

If I can be of assistance in this matter, my contact information is listed below.

Thank you,

A handwritten signature in cursive script that reads "Mike Bratcher".
