User Name	Comment	Comment Date
GUTHRL	Depth to groundwater is less than 50 ft, distance to surface water is approx 1000 (salt lake) it is not in a well head protection area.	1/26/2005
GUTHRL	No H2S is expected to be encountered. A nearby gas analysis will be sent by mail.	1/26/2005
GUTHRL	Groundwater that is less than 50 ft is for wells over near the river. The mining company tried to drill water wells in this section and found no water.	1/27/2005
