RE: **Tandem Union Southern Union #1- Site Activities for Reclamation**
Tandem Union Southern Tank Battery
Section 30, T19S-R31E
API 30-015-20227

Mr. Sanchez,

Detailed herein is a summary of seeding activities at the site by Diversified Field Service, Inc. (DFSI). The well and pad were previously removed on the aforementioned Southern Union 1, as well as the battery facility. DFSI was retained by Tandem Energy Corporation in order to complete the requirements of reclamation. On July 16, 2014 DFSI tilled and broadcast a total of 100 pounds of native Lesser Prairie Chicken seed over pasture area and the seed was then tilled in to the soil. Likewise, on same said date a total of 100 pounds of the same native seed mixture was tilled into the soil restoring the area to its natural state per BLM regulations.

Thank you for allowing DFSI to assist you in this matter. Please call me with any questions and/or comments.

Sincerely,

Natalie Gladden

Environmental Director
