NATURE OF RELEASE

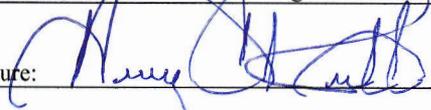

Type of Release Crude Oil and Produced Water	Volume of Release 25 bbl oil 7 bbl pw	Volume Recovered 20 bbl oil
Source of Release Flare Stack	Date and Hour of Occurrence 12/10/2015 time unknown	Date and Hour of Discovery 12/10/2015 at 6:45 am
Was Immediate Notice Given? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom? Mike Bratcher/Heather Patterson (OCD), Jim Amos (BLM)	
By Whom? Amy Ruth	Date and Hour 12/10/2015 at 5:17 pm	
Was a Watercourse Reached? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse. N/A	

If a Watercourse was Impacted, Describe Fully.*
N/A

Describe Cause of Problem and Remedial Action Taken.*
Heater dump valves were found to have been closed at a unknown time over-night. Pumper re-opened the valves to direct fluids to the tanks.

Describe Area Affected and Cleanup Action Taken.*
The leak affected 840 ft² of pasture west of the tanks and 2,064 ft² of well pad. Vacuum truck recovered standing fluids and the impacted well pad area was fenced off to prevent traffic spread. On December 21, 2015, the impacted area was excavated to 1 foot. Floor and wall samples were collected and sent to a commercial laboratory for analytical confirmation. The excavation was backfilled with clean soils and contoured. Impacted soils were removed to a NMOCD approved disposal facility.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
