Cause of Release Automation not designed for high volume			
Was this a major release as defined by 19.15.29.7(A) NMAC? X Yes □ No	If YES, for what reason(s) does the responsible party consider this a major release? This was an unauthorized release of a volume 25 bbls or more		
If YES, was immediate no OCD was notified within Am on 09/05/2018.	otice given to the OCD? By whom? To whom? When and by what means (phone, email, etc)? 2 hours of the release being discovered. Mr. Mike Bratcher was notified via e-mail by Denise Jones @ 9:19		
The responsible	Initial Response le party must undertake the following actions immediately unless they could create a safety hazard that would result in injury		
X Released materials have X All free liquids and real If all the actions describe	s been secured to protect human health and the environment. ve been contained via the use of berms or dikes, absorbent pads, or other containment devices. coverable materials have been removed and managed appropriately. ed above have not been undertaken, explain why:		
Per 19.15.29.8 B. (4) NMAC the responsible party may commence remediation immediately after discovery of a release. If remediation has begun, please attach a narrative of actions to date. If remedial efforts have been successfully completed or if the release occurred within a lined containment area (see 19.15.29.11(A)(5)(a) NMAC), please attach all information needed for closure evaluation.			
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to OCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the OCD does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to groundwater, surface water, human health or the environment. In addition, OCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
