**Re: Amoco Federal 11 Well No. 7
Site Status Letter
Inspection No. iTM1734132985
Eddy County, New Mexico**

Dear whom it concerns,

Please find enclosed for your files, copies of the following report:

- Amoco Federal 11 Well No. 7 – July 19, 2019 Site Status Letter

The Site Status Letter was prepared by Arcadis U.S., Inc. (Arcadis) on behalf of Chevron Environmental Management Company (CEMC). CEMC is respectfully requesting a 12-month extension to address the violation. Please do not hesitate to call Rebecca Andresen with Arcadis at 206-726-4717 or myself at 832-854-5601, should you have any questions.

Sincerely,

A handwritten signature in blue ink that reads "Jason Michelson".

Dear Mr. Hamlet:

On behalf of Chevron Environmental Management Company (CEMC), Arcadis U.S., Inc. (Arcadis) prepared this Site Status Letter (Letter) for the Amoco Federal 11 Well No. 7, API No. 30-015-26512, located in Eddy County, New Mexico. Rockcliff Operating New Mexico LLC (Rockcliff), the previous owner of this well, was notified by the New Mexico Oil Conservation District (NMOCD) of a violation dated December 7, 2017 during an inspection (iTM1734132985) by NMOCD. No response to this violation has been located. The purpose of this letter is to respectfully request a written NMOCD approval for a 12-month extension to address the violation.

SITE DESCRIPTION AND BACKGROUND

The Site is located approximately two (2) miles east of Loving, New Mexico. The site is in Unit P, Section 11, Township 23S, Range 28E, Eddy County, New Mexico, on private land.

On December 7, 2017, during a routine inspection (iTM1734132985) conducted by NMOCD. Staining was observed around the well head and pumpjack. A letter of violation was issued to Rockcliff, no response to this violation has been located.

Chevron acquired the lease for this well in October 2018 and is currently evaluating this well for ongoing production. Work to address this violation will be coordinated with other maintenance work at this well. We are respectfully

Mr. Rob Hamlet
July 23, 2019

requesting a 12-month extension to address the violation. If you have any questions or comments, please contact Rebecca Andresen at 206.726.4717 or by email at rebecca.andresen@arcadis.com.

Sincerely,

Arcadis U.S., Inc.

Rebecca Andresen
Vice President

LETTER OF VIOLATION - Inspection

Dear Operator:

The following inspection(s) indicate that the well, equipment, location or operational status of the well(s) failed to meet standards of the New Mexico Oil Conservation Division as described in the detail section below. To comply with standards imposed by Rules and Regulations of the Division, corrective action must be taken immediately and the situation brought into compliance. The detail section indicates preliminary findings and/or probable nature of the violation. This determination is based on an inspection of your well or facility by an inspector employed by the Oil Conservation Division on the date(s) indicated.

Please notify the proper district office of the Division, in writing, of the date corrective actions are scheduled to be made so that arrangements can be made to reinspect the well and/or facility.

In the event that a satisfactory response is not received to this letter of direction by the "Corrective Action Due By:" date shown above, further enforcement will occur. Such enforcement may include this office applying to the Division for an order summoning you to a hearing before a Division Examiner in Santa Fe to show cause why you should not be ordered to permanently plug and abandon this well.

Sincerely,

Artesia OCD District Office

Note: Information in Detail Section comes directly from field inspector data entries - not all blanks will contain data.
*Significant Non-Compliance events are reported directly to the EPA, Region VI, Dallas, Texas.
