Hobbs, NM 88240

RE: Compliance Notice Response - Revised  
Compliance #: cBZL227526830  
AEP #: 20220307-1300-prodops  
Location: Herkimer BQF Fed #1H (API #: 30-025-20381)

Ms. Lydick,

Ameredev II performed compliance corrective actions on March 28-29, 2022 and the removal of the tank battery, associated impacted material, and containment on August 15-16, 2022. This revision includes the restoration of the tank battery area. Ameredev II respectfully asks NMOCD for closure of the compliance notice.

### Wellhead Cellar

The wellhead was power-washed and the wellhead cellar impacted material was excavated to a depth of 1.5 ft. Impacted material was hauled to an NMOCD approved disposal facility. The wellhead cellar was backfilled with clean pea gravel.

Photo of compliance action from NMOCD

Completed compliance action.  
March 28-29, 2022

### Pump Jack Area

The production pad around the pump jack was surface scraped. Impacted material was hauled to an NMOCD approved disposal facility. The surface was restored with clean caliche.

Completed compliance action.  
March 28-29, 2022

### Area outside of tank battery containment at pumpkin

The production pad around tank battery disposal line pumpkin was surface scraped. Impacted material was hauled to an NMOCD approved disposal facility. The surface was restored with clean caliche.

Completed compliance action.  
March 28-29, 2022

Area around the tank battery and within the containment

Ameredev II removed the tank battery, liner, and containment walls; and hauled impacted material off-site to an approved disposal facility. The surface was restored to an active production pad.
