Oil Conservation Division

An application was submitted to Re-Enter an abandoned well with an API
30-015-00637 this well was abandoned by BP in 2009.

When the application reached the OCD's office it was assigned a new API number
#30-015-37784

Should this well keep the old number?

Best Regards,

Joe Tarver

* The active well for Russell C#4 is
