	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleation in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Propose to convert TR 2-1 Well from injection to production. Have cut back on water injection & well is no longer needed as injector. Will backflow well to 0 psi. Move in service unit pull plastic coated tubing & packer. Rerun Tubing, Pump, & rods. Set Pumping Unit and put on Production. Estimate well to produce 3-5 BBLs. oil per day.

14. I hereby certify that the foregoing is true and correct
