13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 19.15.7.14 NMAC. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Canyon proposes to temporarily abandon this well by placing a cast iron bridge plug @ 2480', which is 100' above it's top perf. 35' of cement will be placed on top of the CIBP. The well will be filled with KCL water and pressure tested @500# for a period of 30 minutes.

TA status may be granted after a successful MIT test is performed.
Contact the OCD to schedule the test so it may be witnessed.
