13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Apache Corporation is requesting permission to perform a step rate test. We would like to have the test done so that we can request an increase in injection pressure based on new step rate test. The objective is to establish the fracture pressure for each well and set a new IPI less than the fracture pressure measured. The current max psi is 816 psig.

Note: We will monitor the pressure using automation to ensure the pump will shut down before the new IPI maximum.
