The Original call on this well was 330' FNL & 1650' FWL of section 25-T17S-R28E. We had to move the well to 480' FNL & 1650' FWL because of pipelines. After moving it to that spot, it was discovered that ~~Lynn~~ had built their location and had already set their conductor pipe on a well they were going to drill on the same location as ours.

Apache now proposes to move this location another 100 feet to the south. The call on the well now is 580' FNL & 1650' FWL.
