13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

1. Pogo Producing Company requests the approval to alter their original proposal to their Sterling Silver "33" Federal # 9 to include the following changes.
  - A. Reduce the total depth temporarily from 15,400' to 8500'.
  - B. Drill to 8500' and core the Delaware pay interval.
  - C. Pogo Producing Company will then temporarily abandon the well till a large drilling rig will be available to continue to drill to the original total depth of 15,400'.
  - D. While drilling the 8500' portion of the hole a 2000 PSI B.O.P. will be used in place of the originally planned pressure control system.

14. I hereby certify that the foregoing is true and correct
