T. C.,
We spoke with the BLM, and we came to the conclusion we only need to file this well with you at the OCD. We did file the number #2H with the BLM and it has been approved. The #1H will drill from the same pad as the #2H but only be State minerals.
Travis

Travis,
Do not have any documentation from the BLM.

Subject: Hombre BRH State Com #1H

T. C.,
I noticed that this well was rejected because it is in the LMR and buffer zone area. But our SHL is outside that area, and the BLM has approved of multiple location in the same area because of an agreement we have in place with the Mining Company and the BLM. Please let me know what steps I need to take in order to have this well approved? Thanks!

Thank you
