I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Operator,

A borehole sampling/delineation work plan has been submitted by your agent, Highlander Environmental Services for delineation of contaminants at the above referenced well site.

The work plan is accepted as presented with the following stipulations:

NMOCD may alter work plan as site conditions warrant.

Contact NMOCD District 2 office 24 hours prior to commencement of operations.

Contact NMOCD District 2 office 24 hours prior to obtaining samples where analysis of such samples are to be submitted to the NMOCD.

Please submit a "Final Report" C-141 upon completion of project.

Please be advised that acceptance of documents and/or work plan does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance does not relieve the operator of responsibility for compliance with any other federal, state or local laws and/or regulations.

Please commence operations no later than November 4, 2005.

If I can be of assistance in this matter, my contact information is listed below.

Thank you,
