If this is a pit closure: (1) attach a diagram of the facility showing the pit's relationship to other equipment and tanks. (2) Indicate disposal location:		
onsite 🗌 offsite 🗎 If offsite, name of facility (3) Attach a general description of remedial action taken including remediation start date and		
end date. (4) Groundwater encountered: No 🗌 Yes 🔲 If yes, show depth below ground surfaceft. and attach sample results. (5) Attach soil sample results		
and a diagram of sample locations and excavations.  I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that the above-described pit or below-grade tank		
has been/will be constructed or closed according to NMOCD guidelines $\square$ , a general permit $\boxtimes$ , or an (attached) alternative OCD-approved plan $\square$ .		
Date: September 09, 2005  Printed Name/Title. Debbie L. Caffall/Regulatory Technician. Signature		
The second secon		
Your certification and NMOCD approval of this application/closure does not relieve the operator of liability should the contents of the pit or tank contaminate ground water or otherwise endanger public health or the environment. Nor does it relieve the operator of its responsibility for compliance with any other federal, state, or local laws and/or		
regulations.
