RE: North Benson Queen #21 - Site Activities for Reclamation

Section 27, T18S R30E

API 30-015-04551

Mr. Wall,

The well and caliche pad at this site were previously removed. Detailed herein is a summary of seeding activities at the site by Diversified Field Service, Inc. (DFSI) following the removal of the well and caliche pad. On August 8, 2013, DFSI personnel tilled the site, and broadcast a total of 100 pounds of Lesser Prairie Chicken seed over the entire area. The seed was then tilled into the soil. (See Site Photographs).

Thank you for allowing DFSI to assist you in this matter. Please call me with any questions and/or comments.

Sincerely,

Amy C. Ruth
