following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.) DCP gathering system in the vicinity of our Parkway and Osage Bone Springs wells is at capacity. Agave has just laid a new gathering line in the area and we plan to tie into the Agave line so there is an additional sales point for our gas when DCP is unable to take it. All lines will be laid on surface, along existing roads in existing ROW. Maximum operating
