NATURE OF RELEASE

Type of Release	Produced Water	Volume of Release	500	Volume Recovered	400+
Source of Release	Water Tank	Date and Hour of Occurrence	3/6/05 Unknown time	Date and Hour of Discovery	3/6/05 pm
Was Immediate Notice Given?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not	If YES, To Whom?	NMOCD - Mike Bratcher		
Required					
By Whom?	Date and Hour				
Was a Watercourse Reached?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.			

If a Watercourse was Impacted, Describe Fully.*

Describe Cause of Problem and Remedial Action Taken.*

A lightning storm tripped the power supply to the transfer pump on our battery. Later, another battery which is connected to this battery and is operated by another operator began dumping water into our battery. Our battery filled and overflowed. A vacuum truck removed all removable water from the ground.

Describe Area Affected and Cleanup Action Taken.*

The water ran east along the access road approximately 80 feet and northward into the pasture approximately 123'. Soil samples were collected on August 27, 2013 from the spill pathway and analyzed for chlorides. The laboratory reported all chloride concentrations were non-detect. A Site Drawing showing the sample locations and the laboratory results and chain of custody documentation are attached.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
