13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

COG Operating LLC respectfully request a variance to the conditions of approval for the recompleat of the Sagebrush Federal Com #1 approved on 10/10/14.

Currently, the conditions of approval state that the work is to be completed by 1/10/15. COG Operating is requesting an additional 90 days due to rig schedule conflicts along with recent inclement winter weather issues that shut down operations. The well is scheduled to be rigged up on to begin the recompleat 1/8/15.
