13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

An Application for Permit to Drill was submitted by Gulf Oil Corp. and approved by the BLM on 8/20/1983, but the well was never drilled. At present, Devon Energy holds this lease and therefore accepts responsibility of required sundries to close out the reclamation process on this well.

Per letter from Sol Hughes dated 7/29/2014, all final abandonment requirements have been met.

Devon energy submits the Final Abandonment Notice per request to close out the well record.

Thank you.
