13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

In reference to INC # 16RF0021

We are requesting an extension to the deadline to complete corrective action on the referenced INC. We are in the process of contacting the current surface owner in order to obtain a release from ripping and reseeding. We are also working with Agave Energy Company who owns the equipment on location to determine when it can be removed. We are requesting an additional 6 weeks in order to ensure all requirements are met.
