Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

BOPCO, LP respectfully submits this sundry notice to report operations to eliminate excessive water production in the referenced well.

Well has been producing 100% water. Temp and flow rate logs were run to determine source of water production. Logs show water from existing Brushy Canyon perms. Attempted sqz operations to stop water production and return oil production.
