

COG Operating LLC applied for a federal APD for the Copperhead 31 Federal Com #3H well in August 2016. The dedicated acreage included the E2E2 of Section 30 and the E2NE4 of Section 31-T26S-R29E, with the only federal tract being Lot 7 of Section 31. The well was a lease saving well and had to be drilled. In order to meet the deadline, an APD was filed excluding Lot 7, making this an entirely fee well, with no federal interest. This APD was approved October 14, 2016 and issued API #30-015-43924. COG spud the well under the OCD approved APD. On October 28, 2016, the BLM approved the federal APD which includes Lot 7 of Section 31. COG requests that the federal APD be accepted and supersede the OCD APD and that the existing API number (30-015-43924) remain in effect for this well.
