Trus, a Truck	Course regin	N/A											
If a Watercourse was Impacted, Describe Fully:* N/A													
Describe Cause of Problem and Remedial Action Taken.*													
	There was a failure of a chemical line at the well head causing the release. Describe Area Affected and Cleanup Action Taken.* The release impacted the area on the production pad around the wellhead as well as running												
northwest an	northwest and southeast, but remaining on the production pad. A vacuum truck was dispatched to retrieve standing fluid. Impacted soils will be excavated												
and hauled to a NMOCD approved facility. Vertical and horizontal defineation samples will be taken and analysis ran for TPH & BTEX (chlorides for													
documentation). If initial analytical results for TPH & BTEX are under RRAL's (site ranking is 0) a Final Report, C-141 will be submitted to the OCD requesting closure. If the analytical results are above the RRAL's a work plan will be submitted to the OCD. Depth to Ground Water: >100'													
(approximately 120', Section 34, T20S-R25E, per NMOSE), Wellhead Protection Area: No, Distance to Surface Water Body: >1000', SITE RANKING IS 0.													
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and													
	regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability												
should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health													
or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other													
federal, state, or local laws and/or regulations. OIL CONSERVATION DIVISION
