We request approval for temporary abandonment of the well due to economic consideration. Low volume and high fees charged by current gas purchaser make it uneconomical to produce this well. It is our plan to obtain a right-of-way from the federal government and lay a sales line to a different gas purchaser. We expect this to take about three (3) months.

TA status may be granted after a successful MIT test is performed. Contact the OCD to schedule the test so it may be witnessed.
