13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

XTO Permian Operating, LLC respectfully submits this sundry notice to report interim reclamation on the referenced plugged and abandoned wellbore.

The interim reclamation activities occurred from 10/24/2018 through 5/9/2019 and included the following:

- ? Removed debris from location
- ? Disposed of any non-reportable impacted, stained soils from north and west extensions of well pad
- ? Removed clean caliche soils from the north and west edges per API 30-015-40435 APD interim rec diagram
- ? Contoured native soils to the surrounding landscape
- ? Re-seeded site with BLM LPC seed mix in spring 2019
