BBLS OIL/DAY: 100 MCF/DAY: 400

REASON: Unplanned curtailment due to Plaint Maintenance. We need to have a Permit in place in the event we have an emergency on start up after RTP from plant shut in.

Per DCP on August 27th, 2019, requesting a curtailment of all gas volumes in the Artesia gathering system by 6:00 p.m. DCP has some maintenance work that needs to be done at the Artesia plant. The work will start on the morning of August 28th and DCP anticipates bringing the gas back online the morning of August 29th. This work is critical to continue safe and reliable operation of the plant.
