<input type="checkbox"/> Final Abandonment Notice	<input type="checkbox"/> Casing Repair	<input type="checkbox"/> New Construction	<input type="checkbox"/> Recomplete	<input checked="" type="checkbox"/> Other Subsurface Commingling
	<input type="checkbox"/> Change Plans	<input type="checkbox"/> Plug and Abandon	<input type="checkbox"/> Temporarily Abandon	
	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

THIS IS AN APPLICATION FOR DOWNHOLE COMMINGLING OF YESO & SAN ANDRES ZONES.

LIME ROCK would like to drill the CBP @ 2720' and DHC. LIME ROCK requests approval to commingle the producing Red Lake, Queen-Grayburg-San Andres (51300) with the currently shut-in Red Lake, Glorieta-Yeso (51120). Both intervals have common ownership, we have not experienced any significant cross flows, & all the fluids are compatible. Downhole commingling will maximize the ultimate recovery of oil & gas & eliminate redundant surface equipment. The State has approved this DHC with order DHC-4789. See the attached DHC worksheet, weighted averages, & commingle allocation calculations, along with other supporting data. The Eagle Field Study of Yeso & San Andres dated 5/8/17 was reviewed & accepted by Chris Walls on 6/16/17 as justification for a downhole pool commingling projects in the Eagle Field Study area.
