13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

WPX ENERGY PERMIAN, LLC is submitting a sundry to request the installation of a meter run and meter to no longer commingle the gases from the above mentioned well and the AZTEC 35 FEDERAL COM #003 and AZTEC FEDERAL #001 (005-63727, 005-63714).

WPX plans to install a meter run and meter between the AZTEC 26 FED COM #001 wellhead and the separator. This will no longer commingle the gas production.

We have spoken with Noel Dominguez about our plans and our submitting a sundry as requested. This request is to resolve INC 20ND071A.

14. I hereby certify that the foregoing is true and correct.
