Artesia, NM 88210

Re: Delhi # 7 API 30-015-00646

This letter is in reference to the Oil Conservation Division's requirements for an H2S contingency plan for the above captioned well. No H2S, abnormal pressures or temperatures are expected in the drilling of the above captioned well.

Sincerely,

  
Larry Barnett

**Subject:** Delhi #7/API# 30-015-00646

Dear Mr. Barnett,

In order to further my review of your application to reenter the above noted well, please submit and resubmit the following:

A current NMOCD form C-102 completely filled out.

An amended NMOCD form C-101 that shows how your company intends to use a pressure control device and the number

of cement sacks estimated to "circulate cement to surface".

A H2S Well contingency plan that meets the requirements of NMOCD rule 118.

If in your study such a plan is not necessary per the rules and regulations of NMOCD 118, please submit a letter of statement.

Our website is: <http://www.emnrd.state.nm.us/oed>

Please call if you have any questions.

Yours truly,

Bryan G. Arrant  
District II Geologist
