Devon Energy Production Company, LP respectfully requests an extension of our TA status. As the ASAU is expected to produce for quite some time, the potential usefulness of this well will also be ongoing. This well is in our waterflood area. Therefore, this well has disposal utility should one of our other disposals fail. As this situation is not expected to change, we are requesting a longer term temporary abandonment status

TA Status will be approved only upon receipt of Final C-103 and a witnessed MIT Test. Notify OCD 24 hours prior to testing.
