13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

On January 24, 2008 this well's mechanical integrity was verified by completing an MIT. The original chart has been submitted to the BLM - Carlsbad field office.

Exxon Mobil Corporation is currently evaluating this wellbore for repair or plugging and abandonment. A Notice of Intent will be submitted soon containing our plans and procedure for repair or plugging.

Plan of action required by 2/19/2008.
