Mr. Whitlock,

After speaking more in detail about this well with my engineer we are going to try and apply for SI status. Please disregard the previous sundry notice I sent for this well to be TA'd. I have attached a sundry with the well work that was done on 8/13/07 – 8/16/07. As far as production goes, this well has not produced since 05' so there will be no production report with this sundry. I am sorry for all the confusion; please let me know if you have further questions and thank you for your help.

Kristin

I have received a request to BLM (Form 3160-5) for shut in status on the above well.  
Please be advised that NMOCD Rules do not provide for a shut in status, therefore your approval from BLM, until 7/15/08 will not effect your status on the NMOCD inactive well list nor the ACOI - 171.
