13 Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

BEPCO L.P. respectfully request approval to move the surface location 10' east. The new surface location wil be 1905' FNL & 670' FWL, Sec 6, T24S, R30E. The move was necessary due to loss of 26" auger at 35' because of caving sand. We were not able to set conductor at this spot. The old conductor hole and cellar were filled with readi-mix and sand. A new location drawing is attahced for your review.
