13 Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

BOPCO, LP respectfully wishes to report the interim reclamation of the above captioned wellsite in keeping with the approved "Multi-Point Surface Use Plan" and the BLM as follows:

09/26-29/09: Initial location of 350' x 250' (87,500 square ft) was downsized to a total reclaimed area of 250' x 200' (36,900 square ft). The reclaimed area was graded and contoured to blend with the surrounding topography. Hauled approximately 1412 yds caliche from location and used 360 yds for road repair. Remaining (1052 yds) caliche/sand mix was hauled to the BLM pit. The location will be seeded in the spring.

Site is ready for interim reclamation inspection.
