We are currently processing your pending C-104 for approval for the above captioned well. In order to continue our process, we will need for you to submit pressure tests on the 9-5/8" and 5-1/2" casing, and a subsequent "As Drilled" plat, form C-102, denoting corrected bottomhole location as well as acreage to be dedicated to well. When these are received, we will continue our review process. You are *not* authorized to produce this well until the C-104 has been approved.

Thank you.

Karen Sharp
