13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

On 2/19/2003 BP America requested permission to drill the above mentioned well. Approval was granted 3/25/2003. As of this date drilling has not commenced. It is our intent to drill the well before the 3rd quarter of 2004. BP America respectfully requests an extension of our drilling permit.

This sundry is also submitted to clarify drilling and confirm depths of surface and intertermediate casing.

Surface casing will be set at 450 feet, below usable water and cement circulated to surface. Fresh water or fresh water mud will be used drilling out the surface casing to intermediate casing depth of 3000 feet. Cement will be circulated to surface for the intermediate casing string.

APPROVED FOR 12 MONTH PERIOD  
ENDING 3/25/05

14. I hereby certify that the foregoing is true and correct.
