13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleation in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

RE: Order # 04-071-10W

As per my conversation with Mr. Ernest Jaquez we have completed the following items to finalize the abandonment of this lease.

All surface equipment, gas lines, etc have been removed from the location.

Bare areas of the location have been tilled and reseeded.

The surface owner, Bogle LTD, does not want the roads ripped or reseeded, any berms installed or further remediation to the location. Attached is a letter from the property owner addressing this.

RE: Hill Federal #1, Falgout Federal #2

Dear Sonny,

As per our conversation, this letter is to verify that I have inspected the above referenced locations. I am satisfied with the remediation and condition of the locations. I do not want any roads ripped or seeded and do not want any berms installed on any roads.

Sincerely,
