13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

All equipment has been removed from this location. We have tilled location and it has mostly grown back except where the gas company removed their equipment. This area has been tilled and seeded. Attached please find letter from the property owner, Bogle LTD, stating they do not want us to do any more remediation and do not want a berm installed at the end of the road.

We hereby request approval of final abandonment of this lease.

RE: Hill Federal #1, Falgout Federal #2

Dear Sonny,

As per our conversation, this letter is to verify that I have inspected the above referenced locations. I am satisfied with the remediation and condition of the locations. I do not want any roads ripped or seeded and do not want any berms installed on any roads.

Sincerely,
