Re: Davis State Wells No.1-C,
11-4-26 and 2-E, 3-4-26,
Chaves County, New Mexico

Gentlemen:

On September 14, 1970, an inspection was made of the sites of the subject plugged and abandoned wells. Said inspection revealed the following items which must be corrected before the plugging reports can be approved and the bond released:

Davis State No.1-C, 11-4-26

1. All junk, tubing, wire, boards, old tires, etc. must be removed from the location.

Davis State No.2-E, 3-4-26

1. All junk must be removed from the location.
2. The location must be leveled and the pits must be filled.

Further, Form C-103, Subsequent Report of Plug and Abandonment, must be filed for well No.1.

If these matters cannot be corrected within 30 days, notification of delay must be furnished to this office.

Very truly yours,

OIL CONSERVATION COMMISSION

R. L. Stamets
