Sec. 33-9S-26E, Chaves
County, New Mexico

Gentlemen:

On April 24, 1974, an inspection was made of the site of the subject plugged and abandoned well. Said inspection revealed the following items which require correction before the plugging report may be approved.

1. The cellar must be properly filled.
2. The location must be levelled.

Please notify this office when the work has been completed so that we may reinspect the location.

Thank you.

Sincerely yours,

OIL CONSERVATION COMMISSION
