Dear Sirs:

A recent field inspection showed that both P&A markers on the above wells were in error. The markers did not show the unit letter as per Rule 202 in our rules and regulations book.

Also I noticed the dead men have not been removed on either location along with some boards and the pit on the Chatten-Muncy #1 has not been entirely covered.

If you will notify us as soon as these corrections are made, we will re-inspect your leases for approval.

Sincerely yours,

Mike Williams
