Dear Mr. Slayton:

On December 17, 1976, you filed a C-103 on Queen Ridge #1 in 36-10-26 stating that rods, tubing and pump were pulled.

On December 28, 1976, I checked this location and found that this well has been completely covered up with dirt.

What I would like to know is why this well has been covered up, or if this well has been plugged, why the Commission has not been notified in accordance with Commission rules?

Please advise this office as soon as possible.

Sincerely yours,

Delan Mermis
Oil & Gas Inspector
